

ÇATALCA ATATÜRK ANATOLIAN HIGH SCHOOL

"From the Deep-rooted Past to the Bright Future"

Our school is located to the west of Istanbul, Turkey's largest city with a population of 70,000 known for its natural beauty Çatalca districts. Our school, which was the first high school opened in our district in 1968, still has 920 students and 56 teachers are working.

In the 53-year period since its establishment, our school has provided education for universities in the academic field and vocational training in the fields of informatics, logistics and accounting finance for many years

PROJECTS FROM PAST TO PRESENT

Erasmus + Projects

Our school became a partner in the "Together We Can" Erasmus + project between 2014-2017 and successfully completed the project. Our project partners; Romania, Italy, Poland, Macedonia, Bulgaria.

Our country visits;

Macedonia

Poland

Italy

Romania

Bulgaria

Our vocational training project, which we are the coordinator of, approved in Erasmus + 2020: "We are in Europe with Our Students for Multimodal Logistics and Network Security" The scope of our project named, is based on the expectations of the development of the markets in the fields of transportation services and information technologies, and to close the expected workforce deficit with the investments made and to remove the barriers to market transitions due to the lack of experience of our students. Partner countries in our project; Germany, Spain and Portugal.

TÜBİTAK (Scientific and Technical Research Council of Turkey) Projects

Our TÜBİTAK Science Fair; 4006 TÜBİTAK Science Fair was held in our school on 09-10 May 2017, the project winds blew. Our journey to the science fair, which started in December 2016, was completed with a magnificent final. Under the guidance of our 15 teachers, our TÜBİTAK Science Fair, consisting of 20 projects prepared in 14 different branches as a result of the intensive work of our 78 students, was held in our school garden.

Our application, which we made again with 25 projects in 2020, was also approved by TÜBİTAK and we are in the preparation process for our Science fair to be held in June 2021.
